Dear Angela

TRANSPORT SERVICES FOR AIRSHOW 2008

On behalf of Eurocopter, we would like to express our heartfelt appreciation for the job well done in providing the shuttle services and limousine transfers for our guests and employees during the Airshow 2008.

We are particularly pleased with your shuttle-bus drivers and your limousine chauffeurs for their prompt and professional approach. They were punctual in the assignment given and never fail to fulfill our last-minute requests. We also found your team drivers and chauffeurs very courteous, attentive and cooperative in working with us to get the job done within our expectation.

In summary, we are satisfied with all aspects of service carried out by your company and you can be assured that we will definitely engage your company's service for our future transportation needs and sure to recommend to any of our business associates whom may have needs for such services in the future.

We take this opportunity to wish you all the best and your esteem company more good years ahead.

Thank you and regards.
